### A CLOSE AND EXCITING CAME

The Hoosiers Get Their Hits in at Opportune Times and Defeat Washington.

Healy Pitches a Fine Game and Hines and Glasscock Do Very Effective Work-Chicago Badly Beaten-Great Game at Boston.

Special to the Indianapolis Journal. WASHINGTON, June 8 .- The first game of the present series between the Washington and Indianapolis clubs was close and exciting from start to finish. The Hoosiers were very fortunate in their batting, being able to work in a hit when most needed, except in one inning, when two men were left on bases. The Washingues, on the other hand, were completely at the mercy of Healy, being able to make only four tale hits off his delivery, and two of these were of the worst scratch order. In the first inning, after Seery had been retired at first, Glasscock made a scratch hit, just out of the reach of the infielder. Hines duplicated it, and, after Lenny had struck out, Bassett proved equal to the emergency by making a clean hit into right field, Glasscock scoring and Hines go" ing to third, where he was left, McGeachy going out on a fly to Hoy. The Washingtons in the third tied the score. Donnelly got first on Bassett's error, went to third on Daily's will throw into center-field on an attempt to cach him at second, and scored on O'Day's sacifice hit to first. In the sixth Indianapolis ande a second and what proved to be the winning run. Again, with one man out, Glasscock mde a scratch bit, stole to second and scored of Hines's hit. Glasscock did a daring piece of ase-running in this inning. With one out, Hines hit what appeared to be a short fly, Glasscockstarted for third on a dead run and kept on hone. Irwin could not got under the fly, and therun was in and Hines safe on first. It lookedas though Indianapolis would score in the eight. With one out, Seeny hit for two bases and Gasscock followed with his third throw in. Hine and Denny went out to Irwin and Hoy, respectively, leaving the two men on bases. Indianaplie won by a score of two to one. The fielding was brilliant and quick, and, as a whole, I was a very pretty game. Wilmot relieved Shork in the seventh inning:

Other League Games. NEW YORK, 19; CHICAGO, 2.

NEW YORK, June 8 .- New York regained third place to-day by administering a crushing defeat to the Chicagos. Eight thousand people witnessed the game, which & first promised to be close, but afterward developed into the heaviest alugging exhibition or the part of the home team ever seen on the Polo grounds. Anson and his pets, eleven in all, marched across the ball field an hour before the game, and took the spectators by storm with their claw-hammer coats and jersey-fitting suits. Chicago presented Van Haltren and Darling, and the California wonder will never forget the fearful drubbing he received. Score:

DETROIT, 11; BOSTON, 5.

Boston, June 8 .- It took the Wolverines fifteen innings to defeat the home team to-day. Big batting in the fifteenth, aided by Brown's muff, yielded six runs. At the end of the eighth inning it looked like Boston's game, but four singles and a sacrifice gave the visitors two runs. tying the score. Getzein then steadied down and pitched a remarkable game. Home runs were numerous during the first half, and Ben nett made one in the fifteenth. Boston had a good chance to win in the twelfth, but Clarkson ran in from second on Johnston's long fly, which was captured by Hanlon, and a double play was the result. In the thirteenth Hornung made a hit and stole second, but Brown could not bring him in. Score:

Game at Union City.

Special to the Indianapolis Journal Union City, June 8 .- The Unions defeated the Marion State League team here to-day, by the following score:

Base hits.—Unions 15; Marions, 12. Struck out.—
By Yergin, 6; by Cates 6; by Aydelotte, 4. Batteries.—Unions, Yergin and Bishop; Marions, Cates, Aydelotte and Fitzsimmons. Errors.—Unions, 7; Mari-

Base-Ball Notes.

Indianapolis made her favorite number of runs yesterday, but won. They now refer to Elmer Clevel and, of the New Yorks, as "Grover." Seery is doing better batting since he has been

assigned the honor of leading the Hoosier bat-Ex-Manager John Kelly, of the Louisville Base-ball Club, has accepted an appointment as league umpire, and will report at Washington for duty next Wednesday.

Sporting Life: The Indianapolis grounds compare more than favorably with other ball grounds in the country. The diamond is a first-class one. The left field fence is 286 feet from the plate and the right field fence is 261 feet, but a wire screening stretched on poles will make it more difficult than at present to bat a ball over this point. The grand stand is nicely fitted with folding opera-house chairs, and the upper section is devoted to private boxes.

Van Haltren has not come up to expectations by any means. It looks as if he had overworked mself on the Pacific slope last winter, where he gained such a fine reputation. Contrasted with this is the work of Viau, of Cincinnati, who was batted so hard on the slope that everybody predicted he could not pitch, but when the time came that good work was needed he pitched eighteen games before sustaining a defeat. The difference was that Viau saved himself and Van Haltren did not.

A Washington letter says: "Mrs. Cleveland, the wife of our President, has given the national game her personal indorsement by attending a contest between the Yale and Princeton teams, last week. Henceforth it will not be regarded as improper in the highest social circles to attend the base-ball matinees. There are many silly persons who have turned up their noses when base-ball was mentioned in their presence, and a proposition made to them to witness a game would produce paralysis. Now that the first lady in the land has set the style of going to base-ball games, keeping score and blistering her hands by applauding brilliant plays, there is no longer excuse for any lady to stay away from the base-ball park. For several years many of the best ladies at the capital have been regular attendants at Capital Park, and they could not be kept away because some of their 'swell' associates declared that it was not in 'good form' to become interested in base-ball."

Racing at Terre Haute. '

Special to the Indianapolis Journal. TERRE HAUTE, Ind., June 8 .- The last day's races were a 2:28 and a 2:22 trot, purses \$600 each. The first was won by Edwin Q. Time. 2:231, 2:241 and 2:231. Geneva S. was second and Sprague Pilot third. There were seven heats in the 2:22 trot, which was unfinished. Little Thorn had one, Jewett one, Lizzie Wilkes one, Kit Curry two and Billy G. two. The fastest heat was the last—2:191—one of Billy G.'s. The race will be finished in the morning. Jewett's heat reduced his record to 2:20. His owner says this is the animal's last trot and that the horse will be put back to pacing. Governor Hill won the 2:20 trot, the fastest heat being made in 2:194.

Racing at St. Louis.

Sr. Louis, June & -About noon rain commenced to fall and continued without interruption until after the first race, which made the track slippery and dangerous. It also kept down the attendance, and only about 2,000 people assembled at the race-course for the twelfth day's racing of the Jockey Club.

First Race—Selling purse, for all ages; seven furlongs. Fanchette made the running until well into the stretch, when Balance came away and won by a length shead of Clones, with Fanchette third. Time, 1:30. The winner was bid in for \$700; his entered price.

Second Race—The Ellis Wainwright purse, for

all ages; one mile. Wary and Bas Bleu made the running until well into the stretch, when Jacobin joined the leaders. In a driving finish Wary won by a neck from Jacobin, second; Unite third. Time, 1:45.

Third Race-The director's stakes, for threeyear-olds; one mile and a quarter. Ed Mack and Artisti made the running until the threequarter pole was reached, when Huntress came away and won by a length; Jack Cocks second; Alexandria third. Time, 2:15].

Fourth Race-Purse for two-year-olds; threequarters of a mile. The pair raced head and head until the stretch was reached. Then Once Again came away and won by three lengths.

The sport was concluded with a selling purse for all ages, one mile and a sixteenth. Fosteral made the running to the stretch, when he was joined by Lela May and Van. In a whipping

finish Lela May won by a neck; Van second, Fosteral third. Time, 1:521.

Racing Over the Latonia Course. CINCINNATI, June 8.—The day at Latonia was hot and sultry and the track dusty. The attendance was very large and the racing fine. It was a good day, both for the book-makers and the talent. In the first race l'at Donovan, a twelve-to-one chance, won with ease, as did Kasson, a ten-to-one shot, win in a gallop in the last race, the Sensation stakes. Its value to the winner is \$1,430. The last race was a big "dump" for the talent, as Longside and Minola were top favorites and both finished badly.

First Race-Selling purse, for three-year-olds and upwards; seven furlongs. A good start was made, with Pat Donovan leading, when the flag fell. Galatea soon took the lead and held it to the three-quarter post, when Una B. took the lead and held it well into the stretch, where Pat Donovan, by a great run, headed the field, winning by two lengths handsomely; Gallatin second, Loveland third. Time, 1:294. Second Race-Selling purse, for two-year-olds: half a mile. Gypsy showed up first in front when the flag fell, holding that position into the

stretch, where Minnie Palmer and Brahman closed up on her, and the three made a whipping finish. Brahman winning by a scant length; Minnie Palmer second, Gypsy third. Time, Third Race-Selling purse, for three-year-olds and upwards; six furlongs. They got away to a splendid start, Harrodsburg first, Volatile, Dago

and Parish running in the order named in the stretch. Parish won by a head, from Viranza, second; Antonia, third. Time, 1:16.

Fourth Race—Selling purse, for three-year-olds and upwards; six furlongs. They got off at the first attempt, with Tam O'Shaoter in the lead. Orange girl soon took the lead and held it almost under the wire, when Tam O'Shanter headed her off, winning by a head; Orange Girl second, Business third. Time, 1:16. Fifth Race-A free handleap, for three-year-

olds and upwards; one mile. They got off well bunched. As they passed the judges' stand Glen Hall was in the lead. Ten Brock took the lead in the lower turn and held it to the three-quarter post, when Glen Hall again took the lead and held it into the stretch, where Elmira overtook him and won by two lengths; Hector second, Glen Hall third. Time, 1:43. Sixth Race-Sensation stakes, \$1,000 added; for two-year-olds; six furlongs. Hindoceraft was first away, with Longside right up alongside. Kasson took the lead at the haif pole and held it under the wire, winning by a length and one-half, with Proctor Knott second, Come-to-

Taw third. Time, 1:16. Wonderful Popularity. The fact that the sale of Dr. Pierce's Pleasant Purgative Peliets exceeds that of any other pill in the market, be it great or small, is on account of the fact that they are tiny, little sugar-coated granules, and that in most cases one little "Pellet" is sufficient for a dose; that they are purely vegetable and periectly harmless; and for constipation, biliousness, sick headache and all discases arising from derangement of the liver, stomach or bowels, they are absolutely a specific. A gentle laxative or active cathartic, according to size of date. ording to size of dose.

INDIANA AND ILLINOIS NEWS

The Daily Chronicle of Happenings of Various Kinds in the Two States.

A Passenger Conductor Killed in a Singular Manner-Odd-Fellows Decorate the Graves of Their Dead-Minor Gleanings.

INDIANA.

Conductor Forbes Killed by the Breaking of a Connecting Rod. Special to the Indianapotts Journal

HUNTINGTON, June 8 .- Wabash conductor Forbes, whose residence is at Andrews, was killed this afternoon, between Huntington and Andrews. He was riding on a wild engine, seated on the fireman's side, when the connecting rod broke. The heavy steel bar struck him on the head, and he died in two hours. He had been in the Wabash service many years. He was a veteran soldier, and leaves a widow and three children. The engine was returning from Toledo, where it had delivered a special train of St. Louis delegates this morning.

Odd-Fellows' Decoration.

Special to the Indianapolls Journes. SHELBYVILLE, June 8 .- The decoration of the graves of deceased Odd-fellows was observed at this place, to-day, by Shelby Lodge, No. 39, 1. O. O. F., at the City Cemetery, in the presence of a large crowd. The services were presided over by Mr. J. T. Caughey, noble grand of the local lodge. Able addresses were delivered by Hon. L. T. Michener, grand master, and Gov-erner Cumback, of Greensburg, after which the graves were strewn with beautiful flowers.

GREENSBURG, June 8 .- The Odd-fellows of this city observed their annual decoration day by assembling at their hall at 1:30 P. M. and marching to the Centenary Church, where an appropriate address was delivered by Rev. R. D. Black. Afterward the column marched to South Park cemetery, each member bearing a wreath of flowers, which was placed upon the grave of a deceased brother as a token of friendship, love and truth.

Judge Gresham at Corydon. special to tue indianapolis Journal

CORYDON, June 8 .- Judge Gresham was given a reception at the Kintner House in this place to-day. He visited his mother, near Louisville, and came to Corydon to see his former neighbors and friends.

Minor Notes.

Arrangements have been made for the regular camp-meeting to be held at Mitchell on August 9 to 20. The presiding elder in charge will be W. M. Zaring; pastor, Rev. John Spears; secretary, J. M. Edmondson; treasurer, M. A.

The spoke-mill of Cook & Bullington, at Hardinsburg, near Salem, Washington county, was destroyed by fire Thursday night. The mill, contents and 3,000 turned spokes were burned. The fire is supposed to have been caused by sparks falling on the roof. Loss, about \$1,000; no insurance. The firm will rebuild at once. Mr. A. E. Atchison, formerly city editor of the Michigan City News, has taken the Wina-mac Republican, and will hereafter conduct it as editor-in-chief and proprietor. He is a sprightly writer and thoroughly industrious, and the Republican will doubtless prosper under his management. Mr. Atchison assumes control next Thursday, Mr. Jenkins, the former proprietor, retiring.

Greensburg is making arrangements to cele-brate the Fourth of July on a grand scale, and the committee promises a demonstration the like of which has never been seen in southern Indiana. One of the chief features of the occasion will be a prize drill between the uniformed division, K. of P., of the surrounding cities. The prizes will be very liberal, with \$50 in gold to the division bringing the largest number of men

A society for the prevention of cruelty to animals and children has been organized at Craw-fordsville by J. C. Hubbard, the agent. A constitution and by-laws were adopted and the following officers elected: President, D. Harter; vice-president, Mrs. Dr. Wilhite; secretary, A. H. Braden; treasurer, Mrs. W. W. Thornton; attorney, A. D. Thomas; directors, Miss Kate Snyder, Mrs. C. S. Wynn, Mrs. J. M. Coulter, H. F. King and A. D. Thomas. A thorough canvass of the city will now be made, and soon the society will be in active operation.

ILLINOIS.

A Brakeman Falls from a Train, Is Run Over and Instantly Killed.

Special to the Indianapolis Journal CATLIN, June 8 - John Say, a brakeman, fell off a Wabash freight train, near Campbell's Crossing, ten miles east of here, this morning, and was instantly killed. The east-bound passenger train also ran over his dead body. He was unmarried and lived at Andrews. Ind.

Brief Mention. G. D. Sayre, aged sixty-six, and insane, committed suicide; Wednesday night, at Rockford,

by drowning himself. The board of trustees of Shirtleff College, Upper Alton, has complimented Judge David J. Baker, of Cairo, recently elected to the Supreme

Bench, with the title of Doctor of Laws. Private Hartney, Company I, Second Regiment, was dismissed from the service in disgrace, on Thursday, Governor Oglesby approving the finding of the court-martial at Camp

At Rock Island, Thursday, William H. Gest, of that city, was renominated for Congress by the Republican convention of the Eleventh district, and Henry Craske, of Schuyler, was nominated for member of the State Board of Equalzatioa.

THAT CHINESE CONCESSION.

Count Mitkiewicz Sues Wharton Barker to Compel Performance of Agreement.

New York, April 8 .- Through the attorneys of Count Eugene de Mitkiewicz, of this city and Philadelphia, a complaint was filed, to-day, in the Court of Common Pleas, of Philadelphia, against Wharton Barker, the Philadelphia capitalist, to compel a specific performance of agreements of gigantic proportions, under concessions by the Chinese government to supply the whole or parts of that territory covered by treaties with telephonic service through a company with a capital of \$6,000,000, and to form another company with a capital of \$20,000,000, with general

banking, railroading and mining powers, also under concessions from the Chinese government. The complaint sets forth that, prior to March, 1887, the plaintiff and Wm. L. Payne, at great trouble and expense, procured the support of the Chinese minister. Li Hung Chang. The following agreement was then made: A company was to be formed to supply the empire with telephonic service. Plaintiff was to have three-twentieths of the stock, defendant thirteen-twentieths and Paine four-twentieths. It was to be called the American Telephone Company, and \$1,000,000 worth of stock was to be limited to Chinese subscriptions. The remainder of the stock was to be held by a company capitalized at \$20,000,000, to be called the Oriental Company. This company was to have banking, railroading and mining powers, and a concession of such a grant was promised by Li Hung Chang. On this concession provisional certificates of stock were issued over the signatures of plaintiff and defendant to Chinese officials. Meanwhile an embassy was sent to the United States, in which was the envoy, Ma Kie Chang, to see Barker and arrange matters. The complaint states that Chang was taken to the country-bouse of Barker and treated sumptuously, and the outcome was that a new agreement was made whereby the plaintiff was left out in the cold, and between Barker. Hamilton Disston, H. D. Fling, Francis D. Shipley, Ezra Bowen. Robert Gleadenning, Wm. Massey, Thos. Potter, jr., and Geo. T. Tyler a subscription of \$100,000 was raised to meet the expenses of the Chinese enterprise, Barker representing that he was the sole granted of these concessions. An agreement was then made whereby Barker was allowed to sell one-fourth of his interest in the American and Oriental Company for 25 per cent of the par value. One fifth of ceeds was to be paid to the treasurer of the latter company. The remainder was to go to the owner. An agreement was then made to form the Finance Company of Pennsylvania, with a capital of \$5,000,000, all the stock to be paid up and each stockolder to be given part of the stock of the American and Oriental Company. All of the agreement Barker has' failed to fulfill, 'according to the complaint, although pressed to do so by the plaintiff and Mr. Paine. Although Barker claims the concessions

that, through Mr. Barker's failure to earry out these agreements, he has not been able to fulfill his promises to the Chinese officials, and that distruct has been engendered which imperils the scheme. The wealth and high social standing of Mr. Barker and others associated with him lends an additional interest to the

THE SWEETEST AND MOST NUTRITIOUS.

tablespoonfuls of augar, into a deep glass; press the juice out with a little wooden masher; add a raw and unbeaten egg, two tablespo utils of cracked ice, and ice-water to nearly fill the glass; invert the shaker over and shake to a

To remove mildew, moisten the cloth with soft soap, cover with whiting, and lay it on the grass; continue the process until it all disap

To make strawberry jam take equal parts, by weight, of large fine strawberries and crushed sugar. Mash them and add them to the sugar. Let stand until the sugar and berries are somewhat amalgamated, when set them over the fire and stir them continually with a silver spoon. It should be done in haif an hour. Put it in tumblers with paper, dipped in the white of egg,

under the tin covers. A good chamois skin "takes hold" of the dirt upon glass and makes the cleaning of windows and mirrors comparatively easy. Never use soap, but add a little ammonia, if anything, to the clear water, and wash with the chamois. Then rinse the chamois in clean water, wring it as dry as possible, and use to wipe with. It is easily done; the result is clear, shining glass

New England Farmer: A farmer cannot know the name of every plant he sees, but he will find it convenient, as well as a source of satisfaction, to know the botanical as well as the common names of the plants he cultivates; and of the most troublesome weeds, and of some of the more common trees and flowers. All this can be learned by an intelligent boy or girl before reaching the age of eighteen, if a parent or teacher has the knowledge, and now and then an enthusiastic young botanist will gain much

from books alone. For Delmonico pudding, boil one quart of milk over a slow fire, stirring often. Stir in the yelks of four eggs well beaten, add four tablespoon-fuls of corn-starch wet with milk, five teaspoonfuls of sugar and a pinch of salt. When the mixture thickens pour it into a tin kettle and set in cold water or on the ice. Then beat the whites of the four eggs to a froth, add four tablespoonfuls of sugar and one teasppoonful of extract of vanilla. Put the pudding in a baking dish, frost with the eggs and brown it in the oven and serve.

Some of the newest bureau covers are made of fine white Welsh linen, the edge embroidered in a deep scollop in white linen floss and the monogram worked in the centre. The pin-cushion to go with this is made of crimson merino and has two little white linen covers like that for the bureau. A large bow of crimson ribbon gives the needed touch of brightness to the set. If toilet bottles are used they are simply tied with crimson ribbon. Blue, pale yellow or coral may be used in place of the crimson with equally pretty effect.

Sprouts which start from the limbs of apple trees after sawing off should be pulled off during the months of July August, says an exchange, as then the wounds heal over more quickly than at any other time in the year, while if they are left on until the following spring and then taken off, more new sprous will put out to take their place. The same with trimming trees, June beng the best time for the work and March the worst, as then the wounds bleed freely and the bark below becomes thereby more or less disfigured and subject to rot.

A simple dressing which may be used upon lettuce, boiled greens, or simple salad, is made without the use of oil, which is sometimes inconvenient to buy, and not alway liked. Put one cupful of vinegar over the fire in a saucepan with a tablespoonful of butter, same of sugar, and a little sait and pepper; stir a teaspoonful of flour into a little cold water with a very scant half teaspoonful of mustard powder, and add this to the boiling vinegar; stir all for a minute, and then pour very slowly over a beaten egg, beating with a fork the while; when this cools it is ready for use.

For strawberry preserves allow a pound of powdered loaf-sugar to each pound of fruit Take the overripe and inferior ones, much them and put them with the sugar over a slow fire, and let them heat gradually, so that all the juice may run out. Sift half the sugar over the large berries, and the other half put in a porcelain kettle with the juice of the berries that have been boiling strained through a bag, and boil and skim it until the scum ceases to rise. Then add the sugar, juice and large berries to this, and let it just come to a boil-not boil over-when set it off the fire. When they get entirely eold repeat this cooking process several times.
When the berries look perfectly clear take them out of the syrup and place them on dishes separately, and let them get perfectly cold. Boil the syrup quickly for three minutes and let it get cool, when add the berries, a few at a time, and put them away in air-tight cans. To be kept in a cool, dark place.

Times When a Mejority Is Not Effective. Pittsburg Chronicle.

The first meeting of the campaign for the en-franchisement of women was held in Aliegheny last night, at the Fourth U. P. Church. The fact was significantly brought out that there are one million more women than men in the United States, and the attention of the ladies was directed to the wonderful power this would give them at the polls. Perhaps it would be politic for the ladies to keep mum on this point until after their enfranchisement.

DAILY, SUNDAY AND WEEKLY.

The Most Complete Newspaper in all Departments in the State of Indiana.

No newspaper in the West is more widely or more favorably known than the INDIANAPOLIS JOURNAL. By the display of enterprise and strict attention to the wants of the reading public, it has taken a leading position among the most prominent journals of the country, and is certainly among the best. Among the newspapers of the State it is pre-eminently the best, and Indiana readers can nowhere else find what they want in the way of State and local news. It circulates largely in every county in Indiana, and has correspondents in every town and village of importance. Its market reports are prepared with the greatest care possible, and no pains or expense are spared to make them accurate and absolutely reliable. It is the only newspaper in the State owning and publishing all the news furnished by the two great press associations (the Western Associated Press and the United Press), in addition to which it furnishes an abundance of special service from all the principal cities of the country. It has been, and will in future be, the aim of the publishers to make the INDIAN-APOLIS JOURNAL a perfect and complete newspaper, deficient in no department or particular. The paper chailenges comparison with any of its contemporaries. The approach of the great campaign of 1888 renders it desirable for every citizen to have a first-class newspaper; in fact, it will be impossible for him to keep fairly abreast of the times without such a paper. Great political battles are to be fought in the State and Nation, and their conduct and progress the Jour-NAL will carefully record. No Indiana reader, cer tainly no Indiana Republican, should be without the JOURNAL in the coming campaign. While it is thoroughly and soundly Republican in politics, devoted to the interest of the Republican party, the JOURNAL will not allow its news to be coldred by partisan bias, but will give the news of the day without fear or favor. The present session of the national Congress will be among the most important held in recent years, and questions of great national moment will be considered. Every citizen is interested in the pending legislation, and can keep himself thoroughly posted by a perusal of the JOURNAL'S news columns, in which the doings of Congress will be fully reported. In addition to its news features the Journal regales its readers with the productions of some of the best known literary men and women of the day. Many of the most celebrated magazine writers and authors are contributors to its literary columns, making it a paper for the household and home circle. Special arrangements have been made for features of this character, which will appear in the JOURNAL during the coming year. These appear most largely in the SUNDAY JOURNAL, which is a special edition, and can be subscribed for and received exclusive of the DAILY

(THE WEEKLY EDITION),

One Dollar per year, has a circulation extending to every county in Indiana and adjacent territory. It is mplete compandium of the news of the week, as companied by the latest market reports and special departments devoted to agricultural, horticultural and household topics. It is complete in every depart
